**WOULD TAKE THE NAMES OF GIRLS**

Rabbi Zelenka Thinks If This Were Done Nightly, It Might Stop Some of the Evil.

A police matron, to be on the streets at night to take the names of young girls, and a vice commission to study El Paso's dual morality, are Rev. Rabbi Zelenka's recommendations to the local Rescue association.

The police matron was suggested by the rabbi of Temple Mt. Sinai as a substitute for the proposed Curfew law which has been found to be impractical in many cities and towns.

The proposed police matron's duties could be to spend the evenings on the streets of the city, taking names of young girls and confining with their parents in an effort to prevent their downfall.

The vice commission advocated by Rev. Mr. Zelenka would have for its purpose a careful study of conditions as they exist in El Paso and not to take the reports of other cities where the problem is different. The dual morality in El Paso, where there are the Mexican and American standards, makes the problem different here and makes it necessary to solve this problem for El Paso alone.

Rabbi Zelenka suggested that the association should get in touch with Sidney Finch, of the United States secret

service, who has made a study of the rescue problem and who has arrived at its best solution. He urged that the methods of the government be studied before any money was spent for a rescue home, as the problem is a world old one and six months spent in studying conditions would not be wasted. He said that the important question of rescue work was what to do with the girls, as they were taken from the immoral houses.

**INTERURBAN MAY OPERATE BY JULY 4**

Trains will be running on the valley interurban by August 1. The interurban line will be completed by July 1, but the big cars which are being built in St. Louis for the valley line will not be ready for delivery until August 1. General superintendent H. S. Potter is considering a formal celebration of the completion of the line at Valeta on July 4 with interurban excursions and a picnic at Valeta.

**WANT PROHIBITION IN CALIFORNIA**

Los Angeles, Calif., May 14.—The prohibition state central committee of California will begin at once a campaign to obtain, under the initiative, to have a constitutional prohibition amendment submitted to the people at the next general election, according to announcements made here.

## DEMING TEACHERS ARE ALL SELECTED

Two 'Automobilists' on a Transcontinental Tour, Find Roads Good.

The Deming office of The El Paso Herald is in the Chamber of Commerce. Roy Bedichek is correspondent. The Herald's distributor in Deming is the Laffey & Field Cigar and News Store. The Herald will be delivered to all parts of the city, the same night of publication, at 60 cents per month.

president and W. E. Holt secretary, the following high school teachers were elected for the ensuing year: S. J. Daily, principal; Una Bedichek, Edna A. Fos and Miss Lulu Schulman. Miss Lila O. Lapham was re-elected supervisor of music and drawing. The following teachers were elected to grade positions: Josie Gooding, Martha Ede, Julia Porter, Margaret Goebel, Freda Scott, Imogene Kiser, Allie Stecker, Violet Bonham, Mrs. Allie Smith, Lillian Larsen, Ailana Marruo, Pansie Young, Gertrude Klotz, Prof. McCurdy, having other business in view, did not make application as teacher in the manual training department of the high school. Mrs. Julia Iverson and Gertrude Haines were re-elected, but tendered their resignations to accept other positions.

**No Charge for Material.**

This completes the corps of teachers in the Deming schools, with the exception of the manual training teacher, who is yet to be elected. The board decided to abandon the system of charging each pupil for material used in the manual training department. All students of that department will be furnished material free unless such student desires to make some piece of furniture to take home, when he will be charged the cost of material for such furniture.

**Transcontinental Auto Tour.**

Messrs. Rockledge, West and Corella, driving a R. O. H. car, arrived in Deming at 2 o'clock yesterday afternoon on a transcontinental trip from Los Angeles to New York. They came from Safford, Ariz., in eight hours, a distance of 145 miles, and left at 2:30 p. m. for Albuquerque. They were routed by way of Springville and Albuquerque, but, upon inquiry at Globe, they found that the Springer route was impassable, due to melting snows. They therefore, made the detour by way of Deming and will reach their original route at Albuquerque. They expect to be in Indianapolis by the 28th to take part in a 500 mile race at that point. They expressed themselves as greatly pleased with the auto roads in this section, stating that the road from Safford to Deming was in particularly fine shape. They carry a complete camping outfit along with them, and camp out when night falls.

**THURICE-A-WEEK TRAIN SERVICE TO CLOUDCROFT**

The Biblical injunction to "seek ye the mountains" may be obeyed after Monday, when the three times a week service will start and it will then be possible to leave El Paso at 7:45 in the morning and arrive at Cloudcroft at 11:20. Returning trains leave the mountain resort at 1:25 and arrive in El Paso at 7:40.

**BLUE PENCIL WOOLF IS HERE.**

Billie Woolf, who sells hats to the trade of the entire west, is in El Paso calling on the trade and stopping at the Fisher hotel. Billy probably carries the largest territory of any hat man in the country and he gets the business and always registers with a blue pencil, hence he is "Blue Pencil Billy" to all the hotel men.
